Airrosti Rehab Centers
Appointments: 800-404-6050
Direct Line: 512-230-6030 (Dr. Buob)

Airrosti providers successfully treat and rapidly resolve most acute soft tissue injuries (including sprains, strains, and pulls), as well as many chronic conditions (including back, neck, knee, shoulder, and hip pain) in an average of just three visits. No referral is needed and most insurance plans are accepted.

- Effective alternative to surgery, pain management, and long term chiropractic or physical therapy treatment programs.
- One full hour every visit to accurately diagnose and resolve the source of pain
- Free on-site injury assessments to help pinpoint the root cause of your pain

**Austin Center
for Sleep Disorders**
Call: 281-240-0690

A Sleep Study conducted during a patient's through-the-night visit will include monitoring of blood oxygen levels, respiration rate, brain-wave activity, leg movement and, most significant, the apnea incidents per hour of sleep. We have 2 queen size bedrooms available in office for these studies.

- Ask your physician about a sleep study if you are experiencing the following:
Sleep apnea • Excessive snoring • Problems staying awake, narcolepsy • Problems with nighttime behaviors, sleepwalking, night terrors, or bed-wetting • Problems sleeping at night, insomnia • Problems with shift work sleep disorder • Conditions such as periodic limb movement disorder
